3. MINUTES FROM THE PREVIOUS MEETING HELD ON 1 DECEMBER 2010

The Minutes from the previous meeting held on 1 December 2010 were approved as a true record.

(a) PUBLIC AND COUNCILLORS QUESTION TIME

A member of the public in attendance at the meeting raised a question in regards to the short life working group being put in place to consider proposals for a Methadone clinic in Campbeltown. He represented Kintyre Service Users group and questioned if they could be included on the working group.

Charles Reppke replied that Argyll and Bute Council had been the recipient of the invitation. However, he recognised the importance of service users being involved in the planning and delivery of services. Councillor Philand reiterated this and stressed the importance of service users participation.

Councillor Semple requested clarification in regards to how Cllr Hay, Colville and Currie had voted in regards to the proposal to close 25 rural schools within Argyll and Bute.

Charles Reppke stated the Area Committee public question time, which should relate to council service issues, was not the correct platform for this form of discussion.

4. PROPOSED MEETINGS IN 2011

The Committee considered dates and venues for proposed meetings in 2011. These included Island venues.

Discussion followed in regards the merit of certain meetings and the continuing process of ensuring island involvement. Charles Reppke informed the Committee that the meeting structure was being reviewed and various proposals being developed.

Councillor Semple highlighted the large geographical area that Argyll and Bute Council covered. In his view, the Council needed to progress a detailed programme utilising video conferencing. Charles Reppke informed Members that Argyll and Bute Council were implementing new technology whereby officers would be able to conduct video conferencing via their PCs. He also referred to trials undertaken by a PPG to look at the dynamics of virtual meetings. He expressed his own opinion that such technology was suited to some types of meetings, but not for those involving debate amongst members.

Decision:

The Committee agreed to note the report
