#### **5. PROGRESS OF ACTIONS**

Chief Inspector reported on the mobile camera in Campbeltown and on issues arising from the proposed siting.

Robert Cowper advised that he had held discussions with the Head of Governance and Law regarding this issue. The outcome was that they were reluctant to site the camera cabling on the shop premise as the arrangement was of a 'grace and favour' agreement and similar arrangements had previously proven problematic. Robert stated that he had written to the Head Office of the company to formalise the arrangement. However, he had not received a response.

Action: Robert Cowper would monitor the situation and provide an update to the next meeting.

Other recent initiatives had included:-

- Bogus callers – campaign to alert communities to this crime with the aid fo local press
- Nuisance vehicles
- Speeding cars
- Mobile Police office – would rotate between rural areas providing mobile surgeries

Glenmore Roberts, Convener of Islay CC, highlighted similar issues on Islay. Discussion ensued regarding the methodologies to promote the 'Free Fire Service Home visits' and various options were suggested:-

- Home Carers distributing leaflets
- Third Sector organisations helping to promote visits
- Assistance provided by MAKI CSF to create relevant safety advice literature

Eddie Renfrew informed the group that in other areas individuals had been enlisted to help promote safety advice literature and these stories had been covered by the local press. The group welcomed this initiative.
