SUPPORTING COMMUNITIES FUND 2024/25

1.0 EXECUTIVE SUMMARY

- 1.1 The purpose of this report is to decide on the allocation of the Council's Supporting Communities Fund (SCF) for Oban, Lorn and the Isles.
- 1.2 The total Supporting Communities Fund available by the Council for allocation in Oban, Lorn and the Isles in 2024/25 is £32,117.50.
- 1.3 It is recommended that 15 applicants are awarded funding.
- 1.4 Applicants awarded funds from the Council's Supporting Communities Fund have 18 months in which to spend the funds.

SUPPORTING COMMUNITIES FUND 2024/25

2.0 INTRODUCTION

- 2.1 The report details recommendations for the award of the Council's Supporting Communities Fund (SCF). The Supporting Communities Fund available from the council in Oban, Lorn and the Isles for 2024/25 is £29,500
- 2.2 The total available for allocation is £32,117.50 due to the return of unspent funds from previous applicants.
- 2.3 Organisations applying to the fund were able to request up to £2,500. The SCF is popular and this year has attracted 33 applications from the Oban, Lorn and the Isles area, requesting a total of over £70,000.
- 2.4 Applications have been scored by the Council's Community Development Team against criteria set out in the guidance (<https://www.argyll-bute.gov.uk/my-community/communities-and-partnerships/supporting-communities-fund>) Also the SCF Scoring Matrix can be found here [Supporting Communities Fund - Scoring Matrix \(argyll-bute.gov.uk\)](#). A summary of applications is appended to this report. 15 are recommended to be funded.

3.0 RECOMMENDATIONS

- 3.1 Members are asked to agree that the 15 applications, marked as 'Award' and 'Partial Award' within Appendix 1 are awarded funding from the Supporting Communities Fund totalling £32,117.50. Detailed information about these projects is contained within Appendix 2.

4.0 DETAIL

- 4.1 The SCF is assessed through a robust process which involves financial checks and Community Development Team contact with the applicant to verify any information where required. All applicants need to provide satisfactory essential information on governance and finance to be eligible. Scoring is based on a set of criteria outlined in the guidance and available on the council's website. Applications to the fund must be for projects that come under one or more of these categories:
- Fairer Communities – tackling poverty by sharing opportunities.
 - Resilient Communities – community capacity building/rebuilding and repairing from a pandemic
 - Greener, Cleaner Communities – environmental action to support addressing climate change
 - Creative Communities – creativity for health and wellbeing
- 4.2 Of the 35 applications received (requesting a total of £70,136.19), 2 were withdrawn or ineligible and of the 33 remaining applications, 27 are either new applicants or have not applied within the last two years.
- 4.3 Of the eligible applications to the SCF, 15 are recommended to be awarded funding from the available funds. 9 of these are for island-based projects. The applications recommended for funding are labelled as 'Award' or 'Partial Award' in the recommendation column in Appendix 1.
- 4.4 The projects recommended will deliver a range of activities from sporting activities to self-management programmes, and they aim to support vulnerable communities in many ways including community transport, lunch clubs and environmental action. The detail of the projects is in Appendix 2.
- 4.5 Unsuccessful applications are marked as 'No award' in Appendix 1. These applicants will be offered support from the Community Development Team and provided with information on alternative sources of funding.
- 4.6 This year the total of £32,117.50 available for allocation is comprised of:
- £29,500 from the Council's Supporting Communities Fund.
 - Return of unspent funds from projects from the financial periods 2022/23 due to underspend and loss of capacity to deliver.
- 4.7 Successful projects funded have to complete a report at the end to evidence the impact of the spending of the money. The results of this are brought to Area Committee in March 2026 if not before depending on project duration.

5.0 CONCLUSION

- 5.1 The Supporting Communities Fund application and assessment process has been completed as set out within its guidance ([Supporting Communities Fund | Argyll and Bute Council \(argyll-bute.gov.uk\)](https://www.argyll-bute.gov.uk)).
- 5.2 The recommendations made fully allocate the funding available for financial year 2024/25.
- 5.3 The 15 projects being put forward for an award will help communities to deliver priority activities in their area in 2024/25 – 2025/26.
- 5.4 All applicants to the fund are supported throughout the process and beyond by the Community Development Team.
- 5.5 Given that fund is oversubscribed, the team is considering potential changes to the fund for the future and recommendations will come to members to decide.

6.0 IMPLICATIONS

- 6.1 Policy: n/a
- 6.2 Financial: Recommendations in the report are limited to the budget allocation available in 2024/25 for the Supporting Communities Fund in Oban, Lorn and the Isles.
- 6.3 Legal: Applications are initially assessed to ensure that groups are constituted with managed accounts.
- 6.4 HR: n/a
- 6.5 Fairer Scotland Duty: The Supporting Communities Fund supports community groups in tackling poverty, reducing inequality and building a fairer and more inclusive Scotland.
 - 6.5.1 Equalities - protected characteristics: Applicants are given the options of receiving the application in large print and other languages.
 - 6.5.2 Socio-economic Duty: None known
 - 6.5.3 Islands: 15 of the applicant projects are island based from 4 islands. 9 of these are being recommended funding from 2 islands.
- 6.6 Climate Change: One of the four criteria within the process is specific to mitigating climate change.
- 6.7 Risk: risk to the public pound is managed through the assessment and scoring, and through end of project monitoring process.
