Good afternoon Peter

Thank you for including me in this email. I am so sorry to see this is still ongoing. For a simple planning application to replace your windows, the amount of time you have had to wait is shocking. I appreciate you live in an area where they must appear as standard. The windows you want to put in have the same appearance however are easier for your wife and daughter to open. This I feel should be taken into serious consideration particularly as your neighbour has replaced their windows with the windows you want to use. The difference is they applied retrospectively. You went through the correct procedure and I feel you are being punished for this.

I sincerely hope the planning department can allow you to proceed with the windows you already have purchased and you do not have to go through yet another winter.

Please keep me in the loop. Many thanks.

Kindest regards

Liz
