Siting of mobile CCTV in 'hotspots' - Bowmore	X	X			X	X							X	X				X	Deployable CCTV Camera was installed at Bowmore as of 29 <sup>th</sup> June 2011 in response to vandalism at the Public Toilets.  The deployable camera presently in Main St Campbeltown, and which has been in place for a considerable time, will shortly be deployed elsewhere in Argyll and Bute. This is due to emerging needs in other parts of the local authority area and also as there has been no further reported issues in Main Street of the kind which the camera was originally deployed to help address.
