

**CONSULTATION ON DRAFT COMMISSIONING STRATEGY & PLANS/SELF
ASSESSMENT CHECKLIST**

1. INTRODUCTION

The draft commissioning strategy and plans describe the broad principles and specific approach for the delivery of care and support services for the next 5 years for all internal and external services.

2. RECOMMENDATION

2.1 The Audit Committee is asked to note the contents of this report.

3. DETAILS

3.1 The consultation identified broad support for the overall principles contained in the commissioning strategy and plans. Moving towards services embodying the principles of

- Personalisation
- Self Directed Support
- Developing increasingly flexible services
- Assessment based on clear prioritisation of need
- Services being delivered at home or as close to home as possible
- Recognising importance of clear Commissioning Strategy and Plans as basis of dealing with increasing need within climate of decreasing Local Government funding

3.2 Support for service externalisation as a means to achieving Best Value received a 57% approval. 26% of respondents disagreed with this strategy. Associated with this response was a clear desire for stringent monitoring arrangements with 87% of respondents agreeing or strongly agreeing with this principle

4 CONCLUSION

4.1 Development of commissioning plans should include specifically for each service

- Broad assessment and forecast of need
- Identified set of desired outcomes
- Consideration of broad strategic options

- Framework for planning the nature, range and quality of future services
- Clear rationale for service development and procurement activity.
- Partnership arrangements for service delivery
