9.01	Partial Exemption						
	The Council has a VAT partial exemption de-minimus level of 5%. At the time of our visit, we noted that the Council had not undertaken a partial exemption calculation for either the 1999/2000 or 2000/2001 financial years, although we were advised that their VAT advisers were currently working on the 1999/2000 calculation. In the absence of any partial exemption calculations for either 1999/2000 or 2000/2001 we are unable to comment as to whether the Council has remained within its 5% de minimus limit. It should be noted that if the Council were to exceed its 5% limit, the VAT cost to it would be in excess of £340,000 per year (based on 5% of the input tax declared on the VAT returns submitted for 2000/2001.	The Council should review the current procedure for calculation of its partial exemption position such that this is undertaken on a timely basis.	The Council is going to review the contract for external consultancy for both partial exemption and advice support. It is the intention to carry out a tendering exercise early in 2002. It is still the intention to retender for this service in 2002	T Armour / B West	Ongoing	Contact has been made with KPMG, the Council's VAT advisers with a view to them undertaking this exercise. KPMG are now working on this.	The advisors are still working on this but final proposals are to be reviewed by the Inland Revenue.

We have had preliminary discussions with KPMG (VAT advisors) and we will look at this once the annual accounts have been prepared.			creditors invoice has been completed arrangements will be made to retender the VAT advisory service. There is little point in carrying out a retendering exercise whilst this project is underway with the existing Vat advisers.
