

Ref.	Action	Partner(s)	Timescale
TC1	Ensure the grid is fit for purpose to meet renewable energy opportunities – Inveraray-Crossaig overhead line replacement, Northern Argyll substation, overhead line to Taynuilt and submarine cable replacement programme	ABC, HIE, SSEN	2021
TC2	Work with partners to examine opportunities for Smart Local Energy Systems/alternatives to grid improvement e.g. ACCESS project on Mull	LES, CES, SSEN	Ongoing
TC3	Promote Campbeltown as an energy port with future potential for Operations and Maintenance (O&M) activities associated with offshore renewables in the Irish Sea, Malin areas and along the Western Seaboard	ABC, HIE, SDI	Ongoing

<p>SC1</p>	<p>Local supply chain events associated with renewable sector developments and online supplier portals e.g. Open 4 Business Portal</p>	<p>Renewables developers/HIE</p>	<p>Ad hoc as development occurs</p>
<p>SC2</p>	<p>Support to non-renewables sector businesses to expand into the renewables sector</p>	<p>ABC, HIE, SDS</p>	<p>Ongoing</p>
<p>BL1</p>	<p>Promote European Marine Science Park as a location for renewables related development</p>	<p>HIE</p>	<p>Ongoing</p>

Renewable Energy Action Plan

2018/19

BL2	Consider future renewables business accommodation and land requirements and feed into Local Development Plan preparation and any relevant national policies	ABC, HIE, supply chain	Ongoing
SR1	Work with developers and future investors to identify any skills shortages	HIE, SDS, renewables developers, supply chain	Ongoing
SR2	Maintain suitable courses to support renewables and energy skills	Argyll College, UHI	Ongoing

SR3	Consider opportunities for apprenticeship/work experience programmes	SSEN, renewables developers	Ad hoc as development occurs
SR4	Schools education and skills career days	SPR via ALI Energy, ABC, renewables developers, SSEN	Ad hoc as development occurs
ABRA 1	Investigate opportunities for shared ownership of renewables and respond to future Scottish Government consultations	Renewable developers, LES	2018/19

<p>ABRA 2</p>	<p>Support community benefits from renewables development and respond to future Scottish Government consultations</p>	<p>Renewable developers, LES</p>	<p>2018/19</p>
<p>ABRA 3</p>	<p>Support community based renewables through the Community Renewable Opportunity Portal (CROP), direct support and events</p>	<p>LES, ABC</p>	<p>Ongoing</p>
<p>ABRA 4</p>	<p>Influence legislation and policy development to ensure delivery of overarching ABRA vision and to assist in securing a successful route to market</p>	<p>ABC, HIE, renewable developers, LES, CES, SDS</p>	<p>Ongoing</p>

Renewable Energy Action Plan

2018/19

ABRA 5	Review supply chain capacity and key capabilities in light of opportunities arising from future Crown Estate Scotland leasing rounds		2018/19
ABRA 6	Respond to the Local Energy Solutions consultations		Ongoing
ABRA 7	Investigate opportunities for future Crown Estate Scotland leasing rounds		2018/19

ABRA 8	Investigate opportunities for future local energy systems and innovative storage techniques		2018/19
