A Fairtrade Town

WHAT IS FAIRTRADE?

Fairtrade is a simple way each one of us can make a difference through our everyday choices.

It's about better prices, decent working conditions, local sustainability, and fair terms of trade for farmers and workers in the developing world.

Fairtrade aims to enable the poorest farmers and workers to improve their position and have more control over their lives.

- A minimum price is paid to producers covering their production costs.
- Producers in Fairtrade co-operatives always get a democratic say in decisions – women included.
- The producers receive an additional Fairtrade premium, an extra amount of money to invest in their communities on economic, social or environmental projects.
- The Fairtrade system gives rights to farm workers such as decent wages and joining unions.

A Fairtrade Town

Oban became a Fairtrade Town in 2006. Fairtrade Town status is awarded by the Fairtrade Foundation, to recognise communities where everyone's doing their bit for Fairtrade. From the Council to cafes, colleges to community groups, everyone can do something, and in a Fairtrade Town, they are! There are over 1000 Fairtrade Towns worldwide, taking community action for trade justice.

What is the FAIRTRADE mark?

The FAIRTRADE Mark is the only independent consumer guarantee that disadvantaged producers in the developing world are getting a better deal. By choosing to buy Fairtrade you can be sure that you're making a difference.

OBAN & LORN FAIRTRADE STEERING GROUP

The Fairtrade Steering Group aims to:

- provide local residents and community groups in Oban and Lorn with information about fair trade
- work with local schools to support their work towards Fairtrade School status
- encourage businesses and faith groups to use Fairtrade products
- help organise Fairtrade promotional events, working with the Scottish Fair Trade Forum to bring producers to visit local community groups and schools, especially during the annual Fairtrade Fortnight

Top picture courtesy webeauty.com

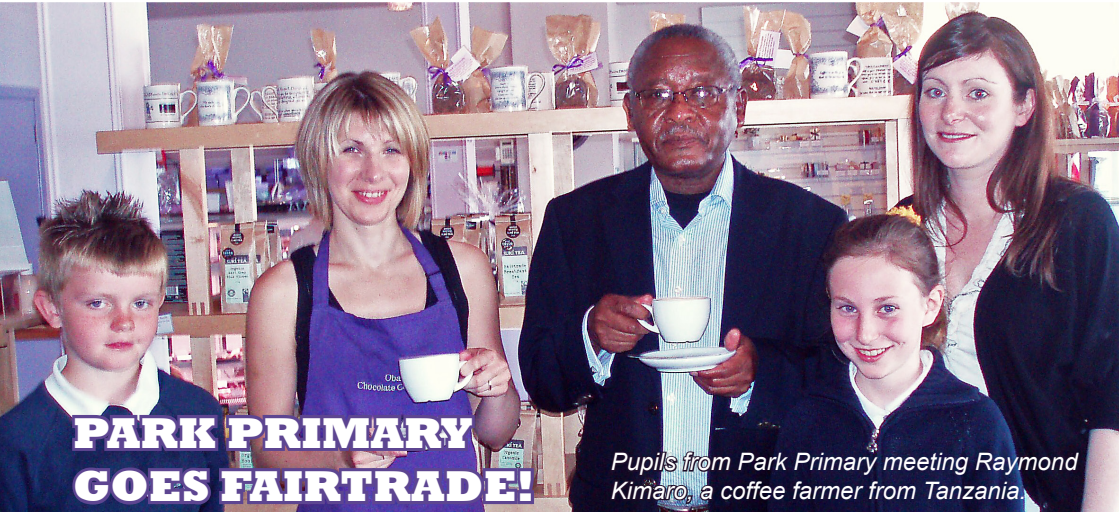

Highlights from a busy year for the Steering Group in 2011 included Fairtrade Fortnight, schools work and a joint International Women's Day event.

The Steering Group was formed in 2005 with the aim of making Oban a Fairtrade Town, which was achieved in 2006. We now work to make sure that Oban continues to meet the criteria for Fairtrade Town status, and to increase awareness of and support for Fairtrade within our community. The Group recently changed its name to include Lorn, reflecting the activities being carried out in the wider area and on our nearby islands.

OBAN & LORN FAIRTRADE NEWS

PARK PRIMARY GOES FAIRTRADE!

Pupils from Park Primary meeting Raymond Kimaro, a coffee farmer from Tanzania.

Park Primary School in Oban gained Fairtrade Status in September 2011 after 18 months of hard work - including taking part in the Fairtrade Foundation world record attempt to create the longest piece of bunting in the world using Fairtrade cotton.

FAIRTRADE NATION 2012?

2012 will see the Scottish Fair Trade Forum submitting its bid for Scotland to be recognised as a Fairtrade Nation. This would make us a global leader in challenging global poverty and recognising the dignity and rights of producers through a commitment to fairness in international trading. Find out more about the campaign at www.scottishfairtradeforum.org.uk

Pupils from Dunbeg Primary are among those aiming for Fairtrade status.

Three other schools in the Oban and Lorn area are currently working towards Fairtrade status: Luving Primary, Dunbeg Primary and Oban High School. We wish them all success!

This Directory is supported by Argyll and Bute Council's Third Sector Grants fund.

The Council is committed to supporting Fairtrade and has undertaken to serve Fairtrade certified tea and coffee as normal practice at meetings and in its offices and canteens.
