

Dialogue 28

Council. Luss off-street order and amendment order attached. The permit fees referenced below are the off-street car park permits charges. Although not directly related to the Luss TM Order, the objections are, in my view, valid. The restrictions in the number of vehicles able to access the core village roads will require some drivers to make use of the off-street car park (e.g. visitors, business staff). It may not be resolvable within this process but they are, in my view, legitimate objections.

Reporter. *One matter arises now on point 11. It would help the Reporter's current understanding of the parking position in Luss if you could indicate to which parking places the various charges ("Quarterly - £139, 6 monthly - £258, 9 monthly - £371, Annual - £489") relate.*

Council. I've attached a copy of the Luss off-street order and amendment order. Both Orders contain a plan view of the car park. I've also attached plan showing the car parks location in relation to the core village, the car park is outlined in red for ease of reference.

Council. The Councils Fees & Charges for parking can be viewed at [Parking and electric vehicle charging fees and charges 2022/2023 \(argyll-bute.gov.uk\)](https://www.argyll-bute.gov.uk/parking-and-electric-vehicle-charging-fees-and-charges-2022-2023)
